SHOW
WHO YOU ARE

Thank You For Choosing tng Photography

Thank you, seniors and parents for choosing TNG Photography for your senior portraits!

We put this guide together to help you prepare more thoroughly for your senior portrait experience.

Before you go any further, we want to mention quickly that we are NOT the yearbook/school photographer. We create quality images that stand the test of time and you'll be excited to show off to your friends and family. We're going to help you look your absolute best!

Whoops! Sorry! You must be aching to read the guide! There's plenty of information on the next few pages. Enjoy the guide and don't forget to give us a call to schedule your senior session!

History 101

Nate & Kendra Grant

Las Vegas photographer T. Nathan Grant, founder of TNG Photography, specializes in creating timeless portraiture of families, children, high school seniors, engagements, weddings, eagle scouts, and business portraits and newborn babies. As a professional photographer, Nate combines a classical approach with a modern, contemporary style. This "modern classical" style ensures that his subjects will look their absolute best and proudly display their photographic artwork on their walls for years to come. TNG portraits will stand the test of time and won't go out of style.

With over eight years of experience as a Las Vegas and Henderson photographer, Nate was the head photographer and studio manager at the renowned "Photography by Van" and studied under the well-respected master photographer, Van Frazier. It was here that Nate learned the art of lighting and posing and developed his skills of targeting expressions that would exhibit the character and true nature of his subjects. Under Van's direction, Nate's love for portraits grew as he photographed everyone from top executives to little children. Nate loves to create portraits that will be loved and shared with everyone around you.

TNG Photography understands that you want to look fantastic!

Individualized portraits of your family become priceless heirlooms the instant they are captured. You want to love how everyone looks in your family portrait so it will impress family and guests as well as enhance your decor. You want to love and cherish your high school senior portraits while your son or daughter moves away to college. Your kids change so fast so TNG Photography is there to create artistic and natural portraits of your newborns and children so you will always have those special moments to remember. TNG Photography is proud to offer specialty services for business executives to help professionals create images that will speak positively to their clients. TNG is now making available special year long fine imagery of your newborn baby's first year of life to be cherished and remembered always. We are here to celebrate your life through beautiful photography. As Albert Einstein once said, "A photograph never grows old. You and I change, people change all through the months and years but a photograph always remains the same... You see them as you remember them."

Nate has adapted his kind and humorous nature to help connect with his subjects and help them to feel comfortable and more at ease with being photographed. It is easy to be fearful of having a portrait taken of yourself and Nate knows how difficult it is for some to have a portrait made of them. However, many have boldly claimed, "I never look good in pictures," at the start of a session but are later delighted to take it all back and say, "I look great in my pictures!" For Nate, there is no better compliment!

We know you will be delighted with your images. Our satisfaction guarantee assures that if you do not absolutely love your portraits, TNG Photography will take additional images to meet your expectations further. If for any reason you are not fully satisfied after all efforts have been made, we will refund your purchase.

What's the big deal?

- {1} This is going to be fun!** Nate's laid back and humor oriented personality makes for a relaxing photo session. You'll hardly know you're getting your portrait taken!
- {2} You're going to look great!** Nate's been a professional for over **9 years**. He'll make sure you look great, bringing out your best features and showcasing your **unique** personality. No boring photos here! You're going to look **amazing!**
- {3} Variety is the spice of life!** Each senior is different so why do so many photographers do the same pose for everybody? At TNG Photography, your portraits are catered to your personality.
- {4} Our work is guaranteed!** We take pride in our work and stand behind it. Not happy with your proofs? No problem! We'll do more to your liking. Custom finished prints aren't right? We'll fix them immediately, no charge of course. You **deserve the very best senior photography** you can find anywhere, and you'll get it with **TNG Photography**.

Important Tips!

CLOTHES. 9 out of 10 seniors are going to make a huge mistake with their senior portraits...**good thing you don't have to!** Plan ahead what you plan on wearing. Dark, solid colors work best; they help slim your figure, maintain the timelessness of your portraits and don't distract from your face like patterns and wild colors. Feel free to still have a few outfits with patterns and lots of colors but we definitely advise that for the most part you **keep it simple**. You **don't** want your future kids thinking you looked **goofy in high school!**

HAIR. It is best to avoid radically changing your hairstyle before your session. If you do need a haircut, try to schedule it 1-2 weeks before your portrait session. Ladies, if you like to color your hair please do not forget the roots and if you need to touch up your highlights, please get them done about 2 weeks before your portraits are to be taken.

MAKEUP. Avoid too much make up, at least at the **start** of your session. It's best to start out your session with your normal, daytime look. As the session continues, feel free to add a little more make up if you feel the need. If you are worried about shiny skin, a little bit of translucent powder will go a long way to reduce shine without added color.

RETOUCHING. Each and every portrait you purchase will be fully retouched at **no additional cost**. Dark circles under eyes, stray hairs, blemishes, acne, etc. will be carefully removed. **You're going to look great!**

Answers For Parents

When is my son/daughter's session fee due?

Similar to reserving a hotel room, the session is reserved with a credit card at the time you call to schedule your senior session.

Your session's time and date is not final until it is paid for.

What kinds of sessions do you offer?

We have a great selection of unique and fun sessions that you and your senior are going to love! Everything from quick and basic to larger-than-life extravagant sessions! Click the link to view session pricing and descriptions:

[CLICK HERE.](#)

How long will it take to receive my portraits?

Your portraits will be ready for you in 3 weeks.

Can my son/daughter bring a friend with us to the session?

Of course! We love it when friends come along and get involved with the portraits! Just let us know what you have in mind.

What if we aren't happy with the portraits?

If for any reason you are not completely satisfied with your original proof images from the session, you may have additional images created at no additional cost or have your session fee refunded in full. Plus, if you are not completely satisfied with your final, printed portraits, we will have them redone to your liking at no extra cost, or your money will be refunded.
